

HEALING OF MAGIC

Mission Statement

Hocus Focus, Inc. is a charitable, tax-exempt, 501(c)(3) organization dedicated to providing continuing education workshops for therapists, professional development seminars for educators, and to engage in relevant research project to further the fields of education and occupational therapy. The organization consists of two entities: Healing of Magic and Hocus Focus.

The mission of Healing of Magic is to empower therapists with research-based knowledge and new treatment tools to help motivate their clients to achieve function and measurable goals. The organization is committed to the dissemination of timely, useful information that fosters learning and excellence and improves the quality of life for their clients.

The mission of Hocus Focus is to empower educators with research-based/peer-reviewed information and curriculum that provides them with a visual, exciting, and motivating way to allow students to explore, improve, and development functional and academic skills.

The combined specific objectives and purposes of this organization shall be:

- a. to provide professional development workshops for general and special education teachers and therapists;
- b. to provide continuing education workshops for rehabilitation therapists (including occupational, physical, speech, and recreation therapists);
- c. to initiate and engage in research exploring the therapeutic use of the arts in the areas of education, physical, and psychosocial rehabilitation;
- d. to provide content in the form of written manuals, DVDs, Internet websites, and any other forms yet to be developed;
- e. to provide hands-on activities for rehabilitation clients and children with developmental disabilities, e.g. ADHD, Autism, Emotional Behavior Disorders, and/or Learning Disabilities.
