This workshop is designed for: Occupational Therapists, Occupational Therapy Assistants, Certified Hand Therapists, Speech/Language Pathologists, Physical Therapists, Physical Therapy Assistants, Recreation Therapists, Child Life Specialists.

This 6-hour continuing education workshop will provide you with the knowledge, skills, and tools you need to incorporate a bit of magic into your therapy practice. Through hands-on learning and task analysis, therapists will:

1. Demonstrate an understanding of the therapeutic benefits of magic tricks in client treatment.
2. Distinguish which clients are appropriate for this type of treatment modality.
3. Evaluate and identify which magic trick(s) can be most beneficial to achieve a specific client goal.
4. Create an individualized client-centered treatment program by analyzing and assessing the movements required to perform particular magic tricks.
5. Verify how to appropriately document this technique for insurance reimbursement.

This activity has been approved by the Ohio Board of Speech-Language Pathology and Audiology for 6 hours of continuing education specific to the clinical practice of speech-language pathology and audiology. This activity has been approved by the American Occupational Therapy Association for 6 hours of continuing education specific to the clinical practice of occupational therapy.
